

Solar Bollard Luminaire

High performance LED luminaire with efficient solar and Lithium battery technology. Ideal replacement for traditional lighting sources or new walkways or pathways. Solar Lighting naturally doubles as an exterior emergency light in the case of a power outage. Suitable for assembly point illumination.

Applications Carparks, Walkways, Streetscape
Colours Black, Grey

\$0 Power - \$0 Trenching Cost - \$0 Cabling

Technical Summary

Light Source	Bridgelux	Body	Die-Cast Aluminium AKZONOBEL coating
Battery Voltage	2*4.5V 5Ah Lithium LIFEP04	Optic	PC High Diffusion UV Resistant Optic
Colour Temperature	3000 / 4000 / 5000K	Life Expectancy L70	50,000 hrs
Efficacy	125 Lm/W	IP Rating	IP67
Solar Panel	9.5W Monocrystal Panel	Warranty	5 Years

Product Information
