## S2 4-22W SER 220-240V WH BOX/12X25

Range of glow switches for igniting fluorescent lamps with electromagnetic gear2-pin ignitor in plastic (flame-retardant polycarbonate) canister and radio-interference suppression capacitor

### Product data

| General Information          |           |
|------------------------------|-----------|
| System description           | Series    |
| Operating and Electrical     |           |
| Power (Rated) (Nom)          | 4 22 W    |
| Pulse voltage (min.)         | 800 V     |
| Non-reclosure voltage (min.) | 70 V      |
| Voltage (Nom)                | 220-240 V |
| System characteristics       |           |
| Capacitor                    | yes       |
| Mechanical and Housing       |           |
| Colour of the Housing        | White     |

| Cap-base information                | 2P                                 |
|-------------------------------------|------------------------------------|
| Product Data                        |                                    |
| Full product code                   | 871150069750982                    |
| Order product name                  | S2 4-22W SER 220-240V WH BOX/12X25 |
| EAN/UPC – product                   | 8711500697509                      |
| Order code                          | 928390710103                       |
| Local code                          | S2WH                               |
| Numerator – quantity per pack       | 1                                  |
| SAP numerator – packs per outer box | 300                                |
| Material no. (12 NC)                | 928390710103                       |
| SAP net weight (piece)              | 7.000 g                            |
